

Enderis Spring Floral Bloom Planters

To create a unifying image for the neighborhood this growing season, we are offering, as long as they last, an 18" planted pot filled with colorful annuals, grasses and trailing vines* to the first 70 or so residents who return the attached application form. This pot, emblazoned with a decorative E, is without cost for any resident who agrees to display them on their front stoop, steps or by their front doorway and to maintain them through the growing season.

This promotion is made possible with funds contributed by the Association, in conjunction with a grant from the City of Milwaukee and the generous pricing of our neighborhood gardening center, Fred's, at 6238 West Appleton Avenue, and is being coordinated by the Enderis Park Garden Club.

The distribution for these planted pots will take place, weather permitting, on Saturday, May 22nd, at Fred's from 10a to 2p. For a charge of \$10, you can have your pot dropped off at home.
